OBJECTIVE

A Passionate Computer Science graduate, skilled in MERN full-stack development and database management. Eager to contribute in dynamic projects and enhance my technical expertise.

SKILLS

Technical Skills :-

Programming Languages: JavaScript

Web Technologies: HTML, CSS, JavaScript

Frameworks & Libraries: Express JS , React Js**,** Redux ,Zustand**,**Tailwind CSS, Bootstrap 5.

Backend: Node JS.

Databases: MongoDB, SQL

Version Control & Tools: Github ,Postman , Cursor , Netlify , Vercel , Render

Soft Skills :-

- Communication, Problem Solving, Teamwork, Leadership, Time Management.

PROJECTS

Wayfarer Travel – MERN Project

- Built a MERN stack travel planning app integrating Google Maps and Gemini API for AI-powered itinerary generation.

- Enabled users to input trip details and receive personalized travel plans, with Stripe subscription for unlimited access.

- Integrated Unsplash API to display high-quality destination images.

- Implemented features like itinerary history, featured trips, and destination highlights for an enhanced user experience.

- Designed a responsive UI for seamless usage across desktop and mobile devices.

ZenCart – Frontend

- Designed a sleek, responsive shopping interface Integrated interactive elements for an engaging user experience with optimized performance.

E-Commerce WebPage – React Project

- Developed a dynamic, responsive frontend for an e-commerce platform using React.js, progressing up to the payment session stage.

- Created reusable UI components to improve code maintainability and speed up development.

- Implemented smooth animations and interactive elements to enhance user engagement.

EDUCATION

Bachelor of Engineering in Computer Science, SJB Institute Of Technology   **2021 - 2024**
Cumulative GPA: 6.4/10

ACHIEVEMENTS

- Certified by Jspiders for MERN FULL STACK.
